### ***Pop-Up***

Our pop-up cards look great, both closed and open. When open, the design "pops up" to reveal a beautifully crafted and refined piece of artwork that is the perfect addition to any gift! All cards feature laser die-cutting and different combinations of foil, glitter, and embossing. Each card can stand up on its own when opened due to its smart 3-fold design structure and are blank inside for your own heartfelt message.

### ***From Me To You***

For every purchase from our From Me To You line, we donate a portion of the sale directly to the Brain & Behavior Research Foundation. These cards distinguish themselves from our traditional card line with their petite size, while still providing a broad and diverse category offering. The From Me To You Line features a mix of vibrant landscapes, fun and contemporary sentiments, and a little something for people of all ages. We welcome you to join us in making a difference, one card at a time. For more information about the Brain & Behavior Research Foundation and their mission, visit [www.bbrfoundation.org](http://www.bbrfoundation.org).

### ***LoveVivid***

At LoveVivid, each uniquely refined gift bag and gift wrap is screen-printed in India using traditional artisan techniques. Each water-based ink is skillfully mixed by hand and then screen-printed onto 100% recycled cotton, giving it a truly luxurious feel compared to standard paper. All water is filtered, treated, and reused within the factory, harvesting rainwater for future use. Unlike other printing techniques, our inks sit on top of the paper to create a vibrant color POP on our gift bags, wrapping paper, gift tags, canvas bags, and more.
